

RON MORIM

PRODUCT MANAGER

Product-oriented Customer Success & Partnerships Team Lead with 3+ years of experience in B2B2C SaaS. Experience in identifying user pain points, writing detailed Jira tickets, prioritizing product issues based on customer impact, and participating in sprint planning and UX reviews. Work closely with Product, Engineering, and Operations to translate customer and operational insights into actionable product improvements.

WORK EXPERIENCE

GO-OUT

B2B2C SaaS platform for live event ticketing & event operations

CUSTOMER SUCCESS & PARTNERSHIPS TEAM LEAD

(PRODUCT-FOCUSED)

2025 - Present

(Collaborating across CS, product and operations to drive platform improvements)

- Lead a global cross-functional team of 7 across Partnerships, Customer Success, and Support, managing organizer relationships and stakeholder engagement.
- Collaborate with Product, Engineering, and Dev teams across production environments, supporting product lifecycle decisions across multiple initiatives.
- Actively contribute to weekly sprint planning, bringing client and production insights based on real platform usage.
- Identify product and UX failure points and translate organizer workflows into actionable Jira tickets and design driven solutions.
- Oversee live operations and real-time escalations for large-scale events, supporting platforms handling tens of millions of dollars in transactions and thousands of users.

CUSTOMER SUCCESS, PARTNERSHIPS & SUPPORT 2023 - 2025

- Managed Customer Success for 1,000+ organizers, driving retention and long-term B2B relationships during live events.
- Served as the primary organizer contact, supporting onboarding, adoption, and account health.
- Took on product ownership starting May 2024, surfacing UX friction and production insights to Product and Dev teams.
- Logged and tracked platform issues in Jira, contributing to user flow improvements.
- Supported live event operations, resolving complex issues and escalating critical cases to ensure platform stability.

Microsoft * Reichman University * Tel Aviv Museum of Art

MARKETING & PRODUCT DESIGN INTERN

2022 - 2023

- Reviewed wireframes with Microsoft's UX/UI team and provided user flow feedback.
- Created the promotional video for the TAMA AR Web App project.
- Coordinated with Microsoft, museum and city stakeholders to promote the project.

Solution - Insurance and Financial Agency

INSURANCE REFERENT

2020 - 2023

- Managed 800+ client portfolios and relationships with major institutions.
- Supported retention and policy optimization based on client needs.
